

1st August 2002

To whom it may concern.

MH Communications (UK) Limited have provided Skydeals with an excellent service on managing our DEFINITY ECS platform over the last three years. They have also recently implemented an upgrade from SI to a G3R platform.

I would like to confirm that the service they have provided has been first class and I would recommend them to any business in need of telecommunication support.

MH Communications (UK) Limited have dedicated staff and their knowledge in the telecom industry is "best-in-class". As a call centre based operation, the support and maintenance of our telecommunication platform is business critical, and therefore we need to be able to have absolute faith in any company supporting this area of operation. Our relationship with MH communications fits this criteria, and is the sort of company that Skydeals will continue to rely upon for their professionalism and level of expertise.

May I take this opportunity to formally recommend MH Communications (UK) Limited to any future business partner, and wish them the best of luck for the future.

Yours faithfully

Steve Sergeant
Head of Skydeals
