Dear Kate,

I just thought that I would write to thank you once again for your continued help and support to us here at St Joseph's.

We are both aware of the problems that our telephone system is able to throw at us, and yet despite our numerous calls for help you never complain and you are always ready to despatch one of your engineers to sort things out.

On behalf of all the staff here I would like to register my thanks to you and your colleagues for all that you do to help us.

Best wishes,

Denis Postlethwaite  
Finance Officer
